County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works

Don Spagnolo, Project Manager

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 9/13/2016

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the construction of the 2015-16 Asphalt Overlay, Various North County Roads, San Luis Obispo County. Districts 1 and 5.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution, which authorizes the execution of a notice of completion and acceptance for the Construction of the 2015-16 Asphalt Overlay, Various North County Roads, San Luis Obispo County (Contract No. 300560).

DISCUSSION

The asphalt concrete overlay contract is part of the Department of Public Works Annual Pavement Maintenance Program which rehabilitates existing roads to extend the service life of the pavement. This work was necessary to halt further deterioration of certain arterial and collector roads, and to improve safety and operation. The project resulted in a total of 11 miles completed.

On February 23, 2016, your Board awarded the North County Overlay project to Papich Construction Company, the lowest responsive and responsible bidder, in the amount of \$2,948,826. Work began this past May.

This contract provided for a pavement overlay at the following locations:

- El Pomar Drive from Vaquero Road to Almond Drive
- River Road, Huer Huero Creek Bridge to Estrella Road
- El Camino Real from Route 58 to Santa Margarita Creek bridge
- Neal Springs Road from River Road to Creston Road.

The project is a component of the 15/16 FY pavement rehabilitation program and was completed utilizing the \$11.2M (\$9.3M for pavement overlay and \$1.9M for pavement seal coats).

OTHER AGENCY INVOLVEMENT/IMPACT

Area utility companies, sanitation districts, schools, and others were notified of our construction schedule and advised to proceed with any subsurface work prior to our overlay project. Various utility valve lids, manholes and vaults were protected during the construction.

County Counsel has approved the contract as to legal form and effect. The County Clerk formally processed the bid opening.

The County Environmental Coordinator has reviewed the project and determined that it is exempt from CEQA.

FINANCIAL CONSIDERATIONS

This is a Pavement Management project budgeted in the Road Fund at \$3,717,090. The total project costs are estimated at \$3,512,475. This project was funded from the Road Fund - Pavement Management Program and Nacimiento Operating Fund.

At the time of project completion, when actual construction costs are known, any unused budget will be redirected to other planned Pavement Management projects. No budget adjustment is necessary.

A final report of actual project costs will be on file with the Public Works Department after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit "A" for an estimated cost breakdown of the project.

RESULTS

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
